I.

Para 7 of the Director of Public Instruction's Endt. on the B.E for 1924-28 of the E.E. Fund under the Control of the Udipi Taluk Bd.

7. It is suggested that treasury cheques may be issued for the salary of teachers to be cashed at the local or nearest co-operative credit societies on payment of a small commission for the same. The Examiner of Local Fund Accounts may be consulted as to, whether there is any objection in accepting this suggestion. In this connection attention is however (X) invited to para 2 of G.O. No. 384 Mis. Law Education dated 17th March 1925 permitting the Taluk Board, Uppinangady, to disburse the salaries of the teachers through the agency of the Co-operative Bank.

Para 4 of the President, Taluk Board's letter dated 24th February 1927.

I agree with the remarks of the Committee in suggesting that, instead of remitting the salary to teachers by M.O. it would be economical if treasury cheques be issued to them for the amount for being cashed at the local or nearest Co-operative Credit Societies, on payment of a small commission for the same. As this is a matter of general importance. I solicit the instructions of Government on the above suggestion.

Para 22 of the budget Committee's report.

The Committee find that a sum of Rs.500 has been provided under C.Elementary Education Account-2. Contingencies and equipment-other items - from M.O.commission on teachers' salary remittances to Headmasters of Board Schools. This is rather a very heavy iten of expenditure considering the Board's slender resources. The expenditure under this head must somehow be cut down but the problem is not easy to solve. The Committee, however, suggest as a tentative measure the following course, viz.:-

The Central Co-operative Bank and if need be the Government may be requested to arrange with the local Co-operative Credit Societies to cash (on payment of commission if any) treasury cheques issued by the Board to Headmasters of schools situated within a radium of 5 miles of the respective societies, in which case, instead of sending an M.O. for the teacher's pay etc. of any school, treasury cheques may be issued to the Headmaster of the school who may cash the same in the local Co-operative Credit Society and any commission thereon may be borne by the Board and paid to the Headmaster concern by including the same in the fixed contingency for the school. Where there is no local co-operative society, however, the amount may be remitted by M.O. The Committee think that if this course is - - practicable there may be saving to the Board of at least half the above sum. For the present, however, they do not propose any cut under this head.
